

Snack Committee

The snack committee is responsible for grocery shopping to provide the ingredients required for the teachers to prepare the snack each day. Snack Committee members will work on a rotating schedule to shop for ingredients based on a pre-made list from the teachers. Members will shop at designated stores and purchase only what the teachers have included on the list. Members will be provided gift cards in order to pay for the purchase of the snack. Snack Committee members work with the Scheduling Officer to work out schedules for grocery shopping and confirming that the gift cards have adequate funds. When your gift card's balance dips below \$50 please inform the Scheduling Officer and President so that the card can be replenished.

Notes on Snack

- According to the Waterloo Region Public Health Policy, all food must be brought to school in sealed packages and prepared at school to avoid food poisoning and cross contamination with allergies.
- Parents/staff/volunteers may not make or prepare food in their homes.
- The school is a nut-free environment. Please carefully check the ingredient lists of all food purchased for snack. Please do not purchase products with a “may contain traces of nuts” warning. Please check with the teachers prior to shopping about any other allergens that need to be avoided.
- Groceries should be delivered directly to the school after they are purchased so that we know they have been maintained at the correct temperature.
- Please ask if you have any questions

Snack committee reports to the Scheduling Officer and Teachers.
